## 4 EASY STEPS

### How to Create Your Dream Shower

With over 60 years of experience in building the FINEST SHOWER ENCLOSURES, we have created a way to make it simple for you.

#### 1 INSPIRING YOUR DREAM

Browse the RODA Collection and select the one that suits your style and design tastes. The RODA Collection was crafted to inspire your dream and help you create your ultimate dream bathroom.

#### 3 PERSONALIZING YOUR VISION

This is your moment to select the beautiful, heavy glass and designer-crafted hardware options and finishes that suit your needs. The glass and finishes are showcased within each collection with expanded information in the back of the catalog or online.

#### 2 DEFINING YOUR SPACE

Size, shape and space are what makes up the configuration for your shower enclosure. These measurements will help define your specific needs. If you need our experts to assist you, just ask.

#### 4 INSTALLATION MADE EASY

Once you've selected your preliminary design needs and shower enclosure features, take the hassle out of installation and have your new RODA shower enclosure expertly installed by the people who make them.

### WELCOME TO THE RODA COLLECTION

This collection was created and crafted with you in mind. We want to inspire your dream and bring it to life.

From inspiration to installation, our commitment to quality and service will make your shower become the centerpiece of your masterpiece.

# CELESTA

CLASSIC. TRADITIONAL. STREAMLINED.

## the CELESTA SERIES

The transitional streamlined appearance and variety of design configurations make the CELESTA Series the perfect complement to any bathroom shape and décor.

This beauty delivered by this series makes any shower feel like a high end spa experience.

Shown as a steam application, floor to ceiling panel / door / panel with a return, and featured with Clear Glass and Polished Nickel Finish.

# the CELESTA SERIES

## Popular Shapes & Designs

**900 SWING DOOR**  
CLEAR GLASS | BRUSHED NICKEL FINISH

As a single swing door with exceptional stability and function, this frameless CELESTA features top and bottom pivot hinges. The floor to ceiling design offers an all-glass, no header appearance and is ideal for steam applications.

**935 DOOR & PANEL**  
CLEAR GLASS | CHROME FINISH

A clean headerless design features elegant wall mount hinges to deliver smooth swing motion out or into the shower, giving easy access to a spacious open shower configuration.

**2850 / 3850 SLIDING TUB OR SHOWER DOOR**  
CLEAR GLASS | BRUSHED NICKEL FINISH

Experience the premium feel and smooth operation of this sliding enclosure that combines function and beauty. The rounded curves of the header and through the glass towel bars demonstrate the pairing of luxury design elements with the finest quality materials.

**960 NEO ANGLE**  
CLEAR GLASS | OIL RUBBED BRONZE FINISH

A "neo" corner configuration offers spa-like design with stylish angled panels. The sleek rounded header with pivot hinge offers maximum stability and is shown with the optional through the glass handle & towel bar combination.

The versatility and elegant design features of CELESTA help make it our most popular selling enclosure. Available as a swing, door and panel, or sliding for a tub or a shower configuration means CELESTA is an ideal solution to transform almost any bathroom into a luxurious spa-like retreat. Below are just a few sample designs based on popular opening sizes.

## STEAM ENCLOSURES

Precision Fit and Luxurious Designs

Steam shower units offer a luxury spa-like experience for any home and are available in select Series within the RODA Collection. The key ingredient for any steam unit is a precise, custom fit and tight seal to lock in and retain steam, which is what BASCO does best.

A transom can increase the sense of elegance or drama for a custom shower enclosure – while also adding functionality to a steam unit. As a hinged panel of glass, typically above the door, a transom panel provides the ability to manually adjust or release steam levels.

## SHOWER SCREENS

Custom Designed for Your Open Shower

Frameless, heavy glass shower screens offer a minimalist, chic design option for those who desire a walk-in shower. While keeping water contained within the shower, the glass screen allows light and enhanced depth to a shower design.

Custom shower screens are available in any size or shape based on your unique configuration – and are available for both walk-in shower or tub applications.
